

# TASTE

## the Archipelago

### Welcome to enjoy local flavors in our unique archipelago!

Salty sea water, smoked fish, screaming seagulls and sun-warmed rocks. It's almost like you can taste the archipelago just by thinking about these things. But there is so much more. Here you can find locally produced meat, locally grown vegetables, apple orchards and fields full of grain and potatoes. Here we live all year round, many on what nature has to offer, and now we want to share this with you. A journey filled with good flavors and experiences for all the senses, not just the sense of taste. Welcome along!

## WHAT?

The journey starts with a kick as the taste buds get to enjoy locally produced Gin, Whiskey and other premium spirits at Nagu Distillery. You get to taste the award-winning products and learn more about the history of the distillery and the production.

The journey continues along the Archipelago Trail towards Paratiisi vineyard. Here you can get to know Finland's first vineyard that grows noble wine varieties and see how Cabernet Sauvignon, Pinot Noir and Riesling grow. The vineyard also has an art center and a café where you get to enjoy a wine tasting and a tapas plate.

The day ends at Restaurang Back Pocket in Korpo. With the seasons as a base, the restaurant serves a tasting menu consisting of 6 different dishes. Exploration and playfulness run like a common thread through the menu, where elements and influences from the world are combined with flavors of the archipelago in a balanced and unique way.

On the second day, you get to experience the magical Archipelago Sea National Park on a guided boat tour. With you, you have a local nature guide who will introduce you to the beautiful and unique nature of the archipelago. During the day, you will have the opportunity to learn more about nature's diversity in connection with a guided nature walk around the island of Konungskär. Afterwards, a delicious lunch is prepared on the sun-warmed rocks.

The nights are spent in lovely Guesthouse Solvillan, which you have entirely for your use.

## WHERE?

On the beautiful archipelago island Korpo, about 80 km from Turku. You can get here easily by car, bus or bicycle

Korpo is well connected to the mainland via two ferries that are free and operate around the clock, all year round. During the summer with about 15 min. intervals, in winter slightly less frequently.
