

FEEL

the silence

Welcome to enjoy the silence in the tranquility of nature!

Many of us who live in the archipelago all year round often get asked if it doesn't become very quiet here in the autumn. The answer is yes! And it's so wonderful! But it is seldom silent. You can hear the birds, the waves, the wind and some ferry landing or honking past. You get to feel that you own the empty roads, become one with the animals in the forest and have a little chat with all the acquaintances in the local shop. We have time for a spontaneous coffee, a chat or a walk in the colorful autumn forest.

Join us on an unforgettable adventure!

- Guided boat tour to the Archipelago National Park
- Outdoor lunch

NOT INCLUDED:

- Transport to and from Korpo
- Travel insurance
- Dinner the second evening

PRICE: starting from **480€** /pers

WHAT?

Start the trip with a nice and relaxing kayak or bike ride in our beautiful archipelago nature. After the tour, it's time for a real Finnish wood sauna and a delicious dinner prepared over an open fire with locally produced ingredients. The nights are spent in scenic Naawa Nature Camp in luxurious Tentsile tree tents. The following day we take you on an exciting boat trip to the Archipelago Sea National Park, where your local guide tells you about the area's interesting history and about the Archipelago Sea's UNESCO Biosphere Reserve. We get to know the diverse flora and fauna of the archipelago islands and those who want can take a swim in the crystal clear water. After a short hike on the islands, lunch is prepared outdoors to the relaxing sound of waves crashing against the rocks. In the evening you get to enjoy the sauna and spend another night in the middle of nature's calm, accompanied by the lullaby of the birds.

WHERE?

On the beautiful island of Korpo, about 80 km from Turku. You can get here easily by car, bus or bicycle. Korpo is well connected to the mainland via two ferries that are free and operate around the clock, all year round. During the summer with about 15 min. intervals, in winter slightly less frequently.

GOOD TO KNOW

What do I need to bring?

Weatherproof and warm clothes, a good friend and an open mind.

Duration

Two nights

Group size

2-6 persons

Language

Swedish, Finnish and English

Physical restrictions

Some mobility is needed for paddling/cycling and for the trip to the National Park. Boat excursion and hiking along the path. Moderate terrain.
